Tyler,

I can depend on BRC janitorial services to not only come in and do a **quality** job in a timely manner, but to be able to listen and respect the tenant/owners of the property.

I have been most pleased with BRC for their quality work, good pricing and excellent workmanship. The crew reports to the job on time, is clean, friendly and very conscientious of safety issues. BRC is **detail oriented** and has a fantastic response time.

I take great pride in **recommending** BRC to any owners/managers of commercial property or facilities management companies.

Sincerely,

Ronald W. Vantine  
Property Manager
